

Sisterhood **College Connection**

One of Sisterhood's important projects each year is to keep in touch with our Temple Youth who have gone away to college. For more years than we can count, Lois Klein and her family have put together wonderful surprise packages that are sent to college students, around the time of Chanukah, just to let them know that we care.

If you have a college student that you wish to be remembered, please fill out the application below and return it to Temple or send the student's contact information to plittman@templeisrael.net.
